Dear Mr. Seto:

CEQ Regulations at 40 CFR 1506.5(c), which have been adopted by the DOI (43 CFR §46.10), require contractors who will prepare an EIS to execute a disclosure specifying that they have no financial or other interest in the outcome of the project. The term "financial interest or other interest in the outcome of the project" for purposes of this disclosure is defined in the March 23, 1981 guidance "Forty Most Asked Questions Concerning CEQ's National Environmental Policy Act Regulations," 46 FR 8026-18038 at Question 17a and b.

Please review the enclosed disclosure statement. If you find the statement to be accurate and true please sign and return the original to us for filing as part of the official record for the Environmental Impact Statement (EIS) for the Proposed Revision to the Regulations for the Nonessential Experimental Population of the Mexican Wolf (*Canis lupus baileyi*).

Sincerely,

Sherry Barrett  
Mexican Wolf Recovery Coordinator

Enclosure

**DISCLOSURE STATEMENT**  
for CJ Seto Support Services, LLC concerning the preparation of the EIS  
for the Proposed Revision to the Regulations for the Nonessential Experimental Population of the  
Mexican Wolf (*Canis lupus baileyi*)

I, Chet Seto, of CJ Seto Support Services, LLC have made inquiry and to the best of my knowledge and belief declare that executing the contracted work of preparing the Environmental Impact Statement (EIS) for the Proposed Revision to the Regulations for the Nonessential Experimental Population of the Mexican Wolf (*Canis lupus baileyi*) does not represent an actual or potential conflict of interest and CJ Seto Support Services, LLC does not have any financial or other interest in the outcome of this project.

I understand the term "conflict of interest" to mean that because of other activities or relationships with other persons, the contractor is unable or potentially unable to render impartial assistance or advice to the Government, or the contractor's objectivity in performing the contract work is or might be otherwise impaired, or the contractor may have an unfair competitive advantage. I understand the phrase "no financial or other special interest in the outcome of the project" to include any financial benefits such as a promise of future construction or design work on the project, as well as indirect benefits the consultant is aware of other than the enhancement of the contractor's professional reputation.

Signed:

  
Chet Seto, Managing Director
